

# Z-Band® Fun and Z-Band® Splash Wristband Solutions

Enable cashless point of sale and access management using print-on-demand bar coded amusement park and attraction wristbands.

Using a Zebra® bar code printer and direct thermal Z-Band Fun or Z-Band Splash wristbands, amusement parks can:

- Reduce ticket fraud—and the revenue losses associated with counterfeits and theft.
  - » Z-Band wristbands are blank and don't have value until they're printed on demand.
  - » They can be printed with the guest's name for access verification.
  - » They're tamper-evident and nontransferable, and include everything paid for on one wristband.
- Improve transaction speeds. Employees simply scan a bar code instead of exchanging cash and working cash registers.
- Enhance each guest's experience. Guests enjoy increased convenience and can be rewarded with special offers and benefits.
- Enjoy lower total cost of ownership compared to RFID wristbanding. While bar coded Z-Band Fun and Z-Band Splash offer cashless payment and patron data capture benefits similar to RFID, the bar coded bands cost significantly less.
