POSIFLEX™

Be the Pioneer, Be the Leader

TP8300 Series

Extensive Power Performance

Posiflex presents the TP8300 Series, our highest performance fanned workstation, ideal for use as both front-end and back office terminal.

TP8300 series delivers higher reliability and scalability to run the most demanding applications to empower your business with a competitive edge. Purpose-built and vigorously tested in both design and production, Posiflex POS and touch screen terminals are built to withstand the harshest environments. Our commitment to quality and reliability provides maximum uptime in business critical environments.

Easily integrated with an extensive array of compatible peripherals and service programs, the TP8300 is a powerful workhorse that was designed to perform for your business.
